

Acurva Roofing LLC is a full service Commercial and Industrial Roofing and Sheet Metal Contractor.

Organized by industry veteran, Todd Wheeler, in October 2020, Acurva Roofing quickly realized a backlog of over \$2,000,000.00 by May 2021. We specialize in single-ply, metal roofing and re-roof jobs with difficult or unusual special conditions.

Acurva Roofing LLC is factory authorized installer for Firestone, GAF, Sarnafil, MuleHide and Roof-Wrap single-ply products. We are also factory authorized installers for Centria, Berridge, Firestone, & McElroy metal roofing and wall panel systems.

We also operate a full-service ANSI/ SPRI ES-1 certified sheet metal shop to service our fabrication needs for Commercial & Industrial roofs. Our sheet metal fabrication services are also offered to General Contractors & Subcontractors for their sheet fabrication needs.

Acura Roofing is a member of National Roofing Contractors Association, Roofing Contractors Association of Texas, and North Texas Roofing Contractors Association.

We subscribe to Construct Connect, Building Connected, Textrua, Red Team, GCPay, Pro-Core & CompanyCam. You can also find us on iSqFt, BlueBook.com & SmartBid.net.

Acurva Roofing primarily operates in the North Texas (DFW) area and adjoining states. However, we have recently completed work in North Dakota & South Dakota with work pending in Missouri & Indiana.

We typically operate with multiple 8 to 12 man crews throughout the year.
